Applications were received from 195 schools (↓)

(189 schools had applications in DRAFT and none submitted.)

*As careers reshape for the future across all industries, the one thing all our industry partners have in common is that they are looking for people who bring **unique attributes and diversity** to their organisation. The Co-op Program embraces this by looking for self-directed activities that students have undertaken in High School to develop a broader, more diverse skill set and strengthened sense of purpose and direction. Some unique activities we saw this year which really impressed us were **Coaching or refereeing junior sport; International Trade Challenge Competition; Mental Health Leadership camp; Rural Fire Service / State Emergency Service; Theatresports; Computational & Linguistics Olympiad.***

For more information on the Co-op Program or to book a school visit contact the Co-op office:

Wyndham College

My careers advisor told me about the Co-op program and throughout the whole process she really helped me complete my application to my best ability, through proof reading and spending time with me to understand how I could best represent myself. I feel that the video snapshot was a good addition to the application process as I was able to talk about more things that I didn't include in the written application as well as show off a bit of my personality.

Jack Vanderlaan, *Woolooware High School* | Accounting & Business Management Co-op Scholar
