| Co-op ProgID | REN21 |
| Year in program | 1st year |
| Start date | Term 3 2021 |
| End date | 31 December 2024 |

Eligibility

The Co-op Program is for students who commenced their first undergraduate degree directly after high school or up to two gap years. Applicants must:
- be an Australian Citizen, Permanent Resident of Australia or New Zealand citizen;
- be willing to complete industry placements with any of the available sponsors;
- be in the 1st year of their undergraduate degree;
- be majoring in Renewable Energy (specialising in Renewable Energy Systems);
- offers will be conditional upon applicants having achieved a credit minimum in all courses and overall WAM; and
- be prepared to transfer to the 3707 B. Engineering Hons degree. Having met the academic requirement, Co-op scholars are largely selected on their interpersonal skills, motivation and leadership potential.

Co-op scholarships are awarded for single degrees only. If you are currently undertaking a combined degree you must discuss this with the Co-op Program office and will be required to drop the combined component, should you wish to accept a Co-op scholarship. If you are not currently majoring in Renewable Energy, it must be possible/practicable for you to change your major to Renewable Energy in the current enrolment period.
